

JICWELS

JAPAN INTERNATIONAL CORPORATION
OF WELFARE SERVICES

JICWELS

Japan International Corporation of Welfare Services (JICWELS) was established with the sanction of the Ministry of Health, Labour and Welfare in July 1983 for the purpose of contributing to the promotion of international health and social welfare activities.

JICWELS is implementing technical cooperation by ODA and other resources, such as human resources development for the developing countries, mainly for ASEAN countries, sending short term experts and study teams to the developing countries, organizing international conferences and meetings.

In addition, we are designated by the Government of Japan as the only acceptance agency for acceptance of foreign professionals, such as nurses and care givers from Asian countries under the Economic Partnership Agreement (EPA) between the Government of Japan and Asian countries. We have started preparation for the to accept foreign professionals since 2010.

Organization Chart

I . Human Resources Development

Since the establishment, JICWELS has conducted study programmes for overseas administrators in the areas of health and welfare as a part of technical cooperation programmes in Japanese ODA. These programmes are intended to respond to the critical needs of developing countries for development of skilled human resources to manage their policy and programme planning activities. The study programme budget has been shifted to Japan International Cooperation Agency (JICA) under the continuous guidance of Ministry of Health, Labour and Welfare in 2004, as well as Japanese ODA programmes, JICWELS has been conducting study programmes for foreign fellows dispatched by WHO Fellowship Programme.

WHO Fellowship Programme

WHO Western Pacific Regional Office (WHO/WPRO) in Manila entrust JICWELS to conduct necessary logistics arrangements for the WHO fellows coming from foreign countries.

In collaboration with the Ministry, JICWELS works out detailed study itinerary with receiving institutions concerned, and arranges fellows' hotel accommodation, airport reception for their arrival, and makes transportation arrangements. Besides, JICWELS provides general orientation on itinerary and Japanese life as well as guide to the receiving institutions, and also maintains continuous liaison with the Ministry during the fellows' training.

Administration support for the WHO Director-General and the Regional Director's travel to Japan

Under supervision of WHO Western Pacific Regional Office (WHO/WPRO) in Manila and Ministry of Health, Labour and Welfare, JICWELS support necessary logistic arrangement during WHO Director-General and Regional Directors stay in Japan.
